Leonard Niederlehner, Esq.
Deputy General Counsel
Department of Defense
Washington, D. C.

Dear Mr. Niederlehner:

Would you please provide us with a statement indicating the following:

1. A description of any advanced or formal training which Lee Harvey Oswald received while a member of the U. S. Marine Corps.

2. The type of work which Oswald did while a member of that Corps.

3. Any security clearances which Oswald may have been granted, information as to whether such clearances were revoked at any time, together with a description of any classified information which may have been available to Oswald.

We understand that Oswald was assigned to MACS 1 during the time that he was stationed in Atsugi, Japan. We also understand that you can readily trace the movements of that unit, and of other units to which Oswald may have been assigned while in the Marine Corps. We would appreciate your advice in that regard.

Your continued cooperation in the work of the Commission is greatly appreciated.

Sincerely,

SIGNED

J. Lee Rankin
General Counsel
